

## HVAC/R Technician

---

The Comfortworks, a division of The Waterworks, is looking for experienced HVAC/R Technicians. Established in 2005, The Comfortworks provides award-winning heating, cooling, and air quality services. Whether our customers need repair, maintenance, installation, or a high-quality air filtration system, The Comfortworks will ensure a healthier more comfortable home and business. We are currently seeking qualified, professional HVAC/R Technicians. As with every member of The Waterworks Family, the perfect candidate will be able to support the company's Core Values...Positive Attitude, Respect, Commitment, Team & Care.

### **As an HVAC/R Technician for The Comfortworks, you will:**

- Troubleshoot, diagnose and repair commercial and residential heating, ventilation and air conditioning systems including: forced warm air furnaces, low pressure boilers, hydronic heating systems, walk-in coolers, commercial water heaters and central air conditioning.
- Utilize your broad-based technical knowledge of environmental control systems and strong electrical background in both residential and commercial settings.

### **The ideal candidate will have:**

- At least 5 years of credible HVAC/R Service Technician experience (running service calls)
- A valid, current driver's license with no more than 4-points on your driving record
- A strong electrical background
- A valid EPA Refrigerant Recovery Certification
- NATE Certifications are a bonus!

### **Benefits!**

The Waterworks believes quality companies are based on quality people and we spare no effort on finding and keeping the best people in the business. We are so proud of our exceptional employee benefit offering, which includes:

- Health, Dental, and Vision Insurance
- Life and AD&D Insurance
- Disability Insurance
- 401(k) with 50% company match
- Employee Assistance Program
- Paid Time Off – Earn two weeks during your first year of employment!
- Paid Holidays
- Company provided truck
- Company provided uniforms
- Opportunity for flex time
- A work boot allowance after 6 months of service
- A tool loan program
- Company sponsored employee events
- Opportunities for community involvement

Employees must be able to pass pre-employment screening including a background/motor vehicle check and drug screening. Random drug screening throughout employment.

The Waterworks is an Equal Opportunity Employer - Minorities/Females/Disabled/Veterans
